

Bedbeam™

Bed Support System

Your customers will benefit from lasting support by including a Bedbeam™ Support System with their new bed purchase.

*The Bedbeam™
Bed Support System
on a wooden bed*

■ Fast Installation with drop and lock technology.

No tools necessary, simply insert the correct leg extension(s), slide the leg down to the floor and turn 90 degrees to lock. With height adjustments ranging from 5 to 18 inches, the Bedbeam™ fits any wood bed frame.

■ Width adjustment accommodates any wood bed frame.

Width adjustment of 2 inches per side allows for easy installation on narrower and wider than normal bed frames. Match your bedding size to the appropriate Bedbeam™ to complete the system.
