

# Lazarbeam<sup>TM</sup>

## Bed Support System

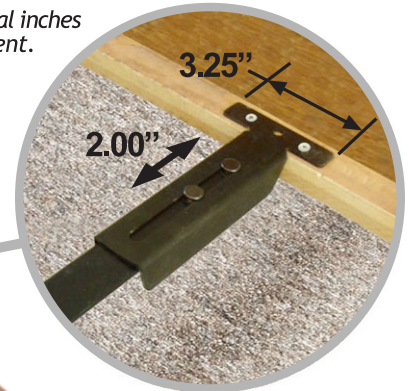

Insure your customer's lasting satisfaction by including a Lazarbeam<sup>TM</sup> Support System with their new bed purchase.

Wide attachment ends secure to side rail cleat.

Sliding ends allow 4 total inches of bed width adjustment.

Steel Inserts

### ■ Steel threaded leg insert leg connections

Steel insert in frame allows easy threaded adjustability and provides a height range for beds with a side rail height between 6 and 15 inches.
